

# Letter from the student

**My name is Yukako Yoshikane from Japan.  
I was very glad to see you all of you.  
I had very good experiences with you  
but it was too short.  
I'm a doctor, pediatrician.  
I work at Fukuoka  
University Hospital in Japan.  
That was my one week summer vacation.**

**There was another reason to come here.  
I took my patient to New York in April.  
He had a special treatment and have been  
recovering from his illness.  
I came here to see him.  
I could see him, healthy boy now, and his  
family. And also medical staffs took me to  
see around the hospital.  
It was a wonderful experience for me.  
Again, thank all of you GEOS staff to accept  
to me even such a short time.  
Good luck! Your dreams come true.  
I will do my best in Japan.**

**If you had a chance to come to Japan,  
please let me know.  
I want to see you again.  
-Yukako**
